

SUPER

CONDENSED

ATF®

WHEN YOU NEED IMPACT IN A TIGHT SPACE, ATF Super Condensed offers 42 fonts to try (six widths with seven weights per width). The design is based on Extra Condensed Gothic No.1, a metal typeface released by Inland Type Foundry in 1905. American Type Founders Company acquired Inland in 1911, and continued to produce the font, as well as Extra Condensed Title Gothic No.12, an all-caps version of the same design. ATF Super Condensed pairs nicely with other turn-of-the-century gothics like ATF Alternate Gothic and ATF Franklin Gothic.
